Description

A large and top quality William IV period chest of drawers in solid mahogany, made in England & dating from around the 1830-1840's period. The quality is outstanding, this is extremely well made and contains lots of storage space. The mahogany has a beautiful colour and has acquired a gorgeous patina over the years. The drawers all run smoothly and have fine hand cut dovetailed joints. This has beautifully turned solid mahogany handles and very interestingly shaped turned mahogany legs. We have recently had this re-polished to a very high standard, the condition is superb throughout for its age. Width – 48 inches , 122 cm Depth – 22 inches , 56 cm Height – 53 inches , 135 cm
