**Item Reference: SA925898**

**Date of manufacture: 1910**

## Description

Antique silver Waltham Bond Street pocket watch. The watch has a stem-winding movement which is working nicely. The movement is fully signed and the serial number 17225750 which dates it back to 1908. The movement is protected by an inner hinged cover. The watch itself measures 48mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1911 with the maker mark for the Dennison Watch Case Company in England, Aaron Dennison had close connections with Waltham. The case has light surface marking from use and some light wear to the engine turned detail but overall it is in nice condition for a 1911 piece.. The watch glass has a few small marks but very acceptable. The signed white enamel dial has a very faint hairline crack between the centre and the top of the sub seconds dial although hardly noticeable. The watch has its original gold hands and a blued steel sub seconds hand. The watch will be sent in a new presentation box.
