Description

A real Ziegler never disappoints- that's one of the ways you can tell its a real Ziegler! Many Mahals are called Ziegler but lack the stately presence of the real deal. The drawing of the border here is superb, really artistic. All four corners are resolved which is unusual even for a Ziegler. The great big, bold medallion floats lazily and with supreme confidence in the field of beautiful abrashed pale salmon. Yes worn but the charisma is undeniable and once in your room with some furniture on top, it will simply look like it has been there forever. Robert Kime, God rest his soul, would approve. 10'2" x 13'0" VAT @ 20% included in the price
