Description

Rare pair of 18th century George 3rd solid SATINWOOD and brass candlesticks. I have had a few pairs of period mahogany candlesticks over the years but this is the first period Satinwood pair I have ever had. Nice shape round weighted bases with turned and reeded columns and original brass tops with lift out sconces. The candlesticks have had one or two repairs over the years but they are solid and perfectly usable. They are a nice colour with waxed finish. Classic 18th century shape. SIZE; 5 1/2" diameter bases, 14 1/2" high CIRCA; 1770 - 1780
