Description

A beautiful and unusual pair of antique Georgian Style carver armchairs. They were made in England, and date from around 1920's period. The quality is outstanding, they are predominantly solid mahogany, with inset panels of burr walnut in the back rests. The back rests are pierced with interesting fretwork, the armrests are grooved and run seamlessly down from the backs. These have sturdy yet elegant tapered legs, joined and strengthened by stretchers. We had had these recently re-polished and the drop in seats have been re-upholstered in a cream cotton fabric. The condition is excellent for their age. Width – 22 inches , 55 cm Depth – 20 inches , 51 cm Height – 35 inches , 89 cm Seat height – 18 inches , 46 cm
