Description

An exceptionally fine solid silver toast rack. Unusually designed in gothic arch shape, the rack has 6 compartments and sits nicely level on a good solid rectangular base, supported on four neat ball feet. It has a neat handle, all culminating in what is a most aesthetically pleasing item. Made from exceptionally good heavy gauge silver it feels a really nice weight when picked up by the handle. Clearly defined hallmarks can be seen on the base frame for the Sheffield Assay Office with a date mark of 1902 and Lion Passant indicating sterling silver, along with the maker's marks for the quality silversmiths: Henry Atkin. A super toast rack, would make a great gift especially for a Wedding! Condition: This toast rack is in great condition. Hallmarks and maker's marks: Sheffield 1902 by Henry Atkin.
