Description

Horses that look a little like moose!! But no moose in Karabagh where the rug was made circa 1900. Charming in every way, I love the rather squat adult horse and its two foals. At each end are two deer - dark and light - same with the foals - dark and light - dark being female and light, male. In very good overall condition, this is a very unusual and rare rug. Size: 2.42m x 1.30m (7' 11" x 4' 3").
