Description

An amazing original antique bentwood hatstand. This was made in central Europe, most likely by Thonet in Austria around the 1880-1900 period. It is a lovely model, with a beautifully curvaceous base. It has eight beautifully curved supports on the top for coats and hats, the base is designed to support umbrellas and walking sticks. The top is fitted on a peg, it can rotate and be lifted off for transport. We have recently had this re-polished, it is in excellent overall condition for its age. Width base – 29 inches , 74 cm Width top – 18 inches, 46 cm Height – 76 inches , 193 cm
