Description

Victorian Mahogany Framed Nursing Salon Chair - With Original Castors - Soft Chenille Material A fine example of a Victorian nursing style or salon chair. This piece is in nice condition. The soft gold coloured velour is in good order and the whole piece is comfortable, solid, well stuffed and is a pleasing shape. The sweep of the rear leg and roll at the top makes the piece very easy on the eye. The chair retains it's original castors and would make a charming addition to any room. This lovely chair has recently had new braiding professionally fitted and is clean throughout. We wish to mention that there has been a small repair at some stage in the past - we have photographed the mark and you can see it on the very bottom image below; it in no way detracts from the chair visually and is only visable under close inspection. See below for the full dimensions. Please do not hesitate to contact us if you have a questions or wish to discuss an offer - we are here to help Our products have a 100% satisfaction guarantee
