Description

Very decorative and wonderful colour to this Dutch solid oak chest of four drawers, circa 1800. Neat size chest so this can work in many different locations, giving bedroom storage but also small enough to tuck into a living room as a side piece for a lamp. The graduating drawers with their shaped or "bombe" style make this a really interesting piece of furniture to look at as it's so different from the side to front view. Standing on lions paw feet and all four solid oak lined drawers run smoothly. Measuring: 32 3/4 inches or 83 cm high 40 inches or 102 cm maximum width at the feet 22 inches or 56 cm maximum depth 35 1/2 inches or 90 cm top width
