Description

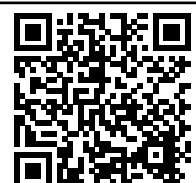

A slim & small proportioned antique Edwardian chest of drawers in mahogany. This was made in England & dates from around the 1900-1910 period. The quality is superb, there is gorgeous satin wood inlay around the top edge and drawer fronts. The brass handles are original and are also of very high quality, this sits on nicely shaped splayed bracket feet. The carcass is solid mahogany and has interesting exposed dovetailed joints on the front in between the drawers. We have had this re-polished, it is in excellent condition for its age. There are a few small bumps and marks here and there beneath the polish, commensurate for age. Width – 20 inches , 51 cm Depth – 14 inches , 36 cm Height – 31 inches , 79 cm
