Description

I don't find many Karadja rugs as fine as this one, it really is an excellent quality and should last several more lifetimes with the high pile level. Almost velvety to the touch, with subtle, natural dyes this attractive rug features various tribal devices floating on a midnight ground, with a terracotta border of flowers and vines. In excellent condition with original sides but missing a row or two each end. Clean and secure. 4'4" x 5'11"
