Description

For your consideration is this fabulously iconic looking Art Deco table lamp. The body of the lamp is actually a vase that had a damaged edge and has been cleverly converted to a table lamp. We've added a shade which you can choose to use or not. It's completely re-wired, however it doesn't have English plug but European one so you'll need to change this or get a travel adaptor. The main body of the lamp is glass and it sits on a black glass plinth. The shade has a velour type texture. The body of the vase is an unusual shape two way colourway enameling, with stunning acid etched detailing. Decorated both sides, displays beautifully and will certainly make an impact in any Deco setting. Pure class. The whole lamp is very heavy and the glass itself quite thick showing real signs of quality. Offered with FREE UK mainland delivery. Lamp height without shade 40cm
