Description

For your consideration is this beautiful matching pair of Art Deco perfumery bottles made by the Czech glass company Hermanova. Original to the 1930's these gorgeous bottles are in excellent condition and free from any damage. There is some corrosion to the chrome neck of the atomizer and residual perfume and surface marks to the base interiors, all the usual expected signs of use and age. They display beautifully and show real signs of quality being quite weighty to handle given their size. FREE UK mainland delivery
