Description

1930s Record pocket watch. The watch has a good quality movement, 15 jewels, 4 adjustments, which is working nicely. The movement is signed with the Record name, and it is all protected by an inner dust cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the English case maker Aaron Dennison. The case is in good condition with just a little unevenness to the back. The engine turned detail is still nice and crisp and there is a cartouche to the centre with the initials FPM. The glass lens is in lovely condition. The signed dial has its original blued hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
