Description

Fine quality mid to late 19th century wall clock, c1880. This is a fine example housed in an attractive mahogany case with scalloped decoration and brass surround to the glass cover. The key and pendulum look to be original, but I am not a clock expert. My clock restorer has serviced it and it runs well keeping good time. The case has great colour/patina and overall condition is good in line with age and use. Please refer to the detailed photographs and feel free to contact me if you have any questions or would like to view the item. Price includes FREE UK delivery. Please contact me regarding international shipping. Size: 53cm tall x 38cm wide x 13cm deep, weight 6.3kg.
