Description

Harlequin Set of 8 Antique Victorian Balloon Back Kitchen Chairs. Chairs with beautiful patina. We bring to you this very pleasing set of eight original Victorian balloon back kitchen chairs made around C1870. This excellent lightweight set of chairs offers fabulous style with the classic balloon back and solid seat with stretcher rails supporting the turned and splayed legs. These traditional chairs feature their original french polished finish with lots of patina and character. The overall effect is one of Victorian country chic and the chairs will sit perfectly in any kitchen or dining environment. With a shaped scalloped seat and comfortable back-rest this well proportioned set provides good seating with a 42cm seat height. The chairs are strong throughout and suitable for daily use with no joint movement or wobbles. These chairs are a harlequin set so there are very slight differences between the chairs but the turnings are all on the same design. The colour is tonal across the chairs and we believe these chairs have been together for many years. The chairs have been cleaned and waxed and are ready for a new home.
