Description

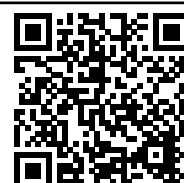

A stylish pair of American novelty solid sterling silver dishes. They are hallmarked STERLING along with the makers mark of R Wallace & Sons Manufacturing Company. I would date them to c1920-1940. They have been superbly made being in a rowing boat shape. They are in superb condition being free from dings splits and distortions. They measure approx. 4.5 inches (11.5cm) long by 2.5 inches (6.5cm) wide by over 0.75 inches (2.2cm) tall and have a combined weight of 60 grams. A well made unusual set.
