Description

Gents 1950s Helvetia wrist watch. The watch has a fully signed 17-jewel hand-winding movement, calibre 830, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The main body of the case is plated while the case back is stainless steel. There is the odd mark but nothing too serious at all, overall the condition is good for such an early piece. The lens is in lovely condition. The signed textured dial has its original hands, centre seconds hand and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
