Description

19th Century Folding Copper Fire Guard This very useful spark guard has a copper frame and even the mesh infill is made with copper, it has the added advantage that it folds flat for storage, and when opened out it can be shaped to enclose your fire, very useful for a wood burning stove, it can be stored away when not required The guard is in good condition with an age darkened patina and it is very steady when in use The guard is 23" high and 31" long over all when opened flat CC91 We Offer an included delivery in the purchase price for many items to many areas Please enquire regarding any item as costs may be unavoidable for larger pieces and some destinations Delivery times vary according to your location usually 7 to 28 days We operate an online store and regrettably viewing in person and collection is not an option at this time.
