Description

Very stylish Art Deco decanter set comprising decanter, stopper and six glasses. Really attractive shaped to this set, ideal for shots, whiskey and liqueurs. Free from damage, just odd tiny little insignificant mark but generally excellent condition. Strong iconic black enamel decoration making this an ideal set for your barware collection. Made in the Czech republic by Karl Palda dating to the 1930's. The Czech glassworks is most famous for its pieces made in the period of 1930's when striking and inventive geometric designs became a departure from the classic two toned crystal goblets and decanters with floral carved designs. This decanter boasts a very striking black and white geometric design which screams Art Deco. There are some light signs of wear commensurate with age, no damage. FREE UK mainland delivery
