Good 19th Century George II Design Ball and Claw Carved Stool c. 1880

Price

Sold**Item Reference: SA933877****Date of manufacture: 19th Century**

Description

A good quality English oak stool in the George II manner, hand carved and tooled, and retaining its original faux finish of walnut veneers. . Beautifully detailed carving to the border around the drop in seat. The stool has been newly upholstered in a top quality Gainsborough Silk Weaving Company tapestry fabric which retails at nearly £200 per meter. . The whole raised on cabriole legs, carved at knees with scallop shells and drop bell husks and terminating in ball and claw feet. . Lovely colour and condition, very solid and usable with no loose joints. . A most attractive and usable stool made by hand approximately 150 years ago but designed to appear a much earlier stool c. 1735. . In excellent condition for age with only some small knocks and depletions consistent with careful use. . . Dimensions are: . 26 inches wide, 19.5 inches deep and 19 inches high. . For metric please multiply by 2.5
