Description

An absolutely stunning antique console table in the Sheraton style, with a segmented top. This was made in England, it dates from around the 1900-1920 period. It is beautifully constructed, with profuse and intricate inlays of many different woods. It appears to be mostly walnut & Kingwood, with mahogany and satin wood. The designs are amazingly detailed, this must have taken an incredibly long time to construct. It is also a very useful piece of furniture, wide and not too deep, with a bow shaped front and tapered legs. We have recently had this re-polished, the condition is excellent for its age. Width – 47 inches , 120 cm Depth – 18 inches , 46 cm Height – 30 inches , 76 cm
