Date of manufacture: 1900

Description

Antique fine quality ~6' mahogany wind out extending dining table C1900. A lovely fine quality dining table with solid mahogany construction. The table has been recently restored with beautiful carved cabriole legs standing on concealed brass castors. The finishes are in good order with historic knocks, marks, wear and imperfections buried beneath generations of polish and wax to form a great patina. An attractive table that is solid, strong and has no loose joints or woodworm. The mechanism works well with a period winding handle. Would look amazing in the right location! Overall maximum dimensions: 182cmL (could be 135cm by removing leaf) x 106cmW x 72cmH x 60cm high knee hole. In very good antique condition with minor historic knocks, marks, repairs, alterations, wear and imperfections as you would expect. Stock No. 8159. Competitive UK and overseas door to door shipping.

Internal Ref: 8159
