Description

A very useful good quality open bookcase in original condition, offering copious amounts of shelving for books and objects. It has tongue and groove, stained pine, back and small bracket feet with five adjustable shelves. The top four shelves are 10 inches deep and the 5th shelf and small base cupboard are 12 inches deep. The base cupboard has panel doors and brass latch handle. This is a very heavy substantially made bookcase that could be painted to blend into the decor of a room. It has some knocks and bumps that one would expect due to its age and use but is very sound in structure and a useful item for book storage. We are retiring soon so would like to offer 10% off all our items that are currently full price.
