Description

A lovely antique cabinet on chest in burr walnut, with a serpentine shaped front & reeded canted corners. This was made in England, it dates from around the 1930's. It is of excellent quality, with stunning burr walnut grain patterns and lots of storage space. The upper compartment contains a removable shelf and comes with a locking key. The lower half sits on bracket feet and contains three generous drawers. There is a useful pull out sliding shelf in the middle, and the top lifts right off, so this breaks down into two pieces for ease of transport. This is a versatile piece, it would work well as a drinks cabinet or even as a bedroom storage cupboard. We have had this recently re-polished, it is in excellent condition for its age. Width - 29 inches , 73 cm Depth - 18 inches , 46 cm Height - 60 inches , 153 cm
