Description

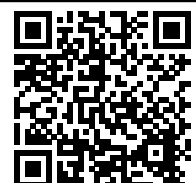

A very well sculptured large terracotta seated hound, most likely a German shepherd (alsation). This seated hound has very good detailing including the collar. His ears are pointed and he has a very alert face, as if focusing in on something. The face is very well detailed especially the eyes which have great expression. Late 19th early 20th century. The piece is signed Foucher with a foundry mark. The size is 46 cm x 24 cm. In overall very good condition with only minor signs of age, 1 very tiny chip to tip of ear, barely noticeable.
