Description

A rare find, these German 1930's silver plated milk bottle shaped Cocktail sets were made by J . A. Henckels of Solingen who were well renowned for making ingenious items for the long distance traveller from the 19th century onwards. The set comprises three glass spirit flasks with two-tone metallic screw caps. Over this sits the lemon squeezer or Juicer which is then topped with a stacking set of four beakers with gilded interiors, all of which pack into the outer casing which itself serves as a cocktail shaker, the top with integral strainer. Dating to c.1930, it remains in excellent condition measuring 3 1/2" in diameter x 10 3/4" tall. Unsigned, attributed to J A Henckels.
