Description

Lovely smaller proportioned French Empire marble top Gueridon centre table on a concave triform base with scrolled lions paw feet. The moulded edge and dish top marble top is rather striking with the charcoal grey and white and has been cleaned and polished so it has a wonderful finish. The contrasting of the marble top the rich mahogany of the concave triform base is perfect, makes for a very decorative piece of furniture but without trying too hard! Great size for using as a centre hall table, but being a smaller diameter than usual, this will sit well as a corner lamp table, drinks table etc. But in the past I have also found clients using these tables as breakfast table too. The marble top comes off the top and the pedestal can also be dismantled for delivery. Measuring: 29 1/4 inches or 74.5 cm high 32 1/4 inches or 82 cm diameter 26 inches or 66 cm height from the floor to the underside
