Sold**Item Reference: SA93834****Date of manufacture: 1900**

Description

As useful today as a 110 years ago when these were made. This most unusual pair of salad servers make quite a statement in the right environment. The last couple of pairs I have had were in silver plate, these however are made from English solid or sterling silver, each hallmarked for Birmingham 1900, making them late Victorian in era. They are in superb condition and ready for use; measuring approx. 13" long. Item ID: 32663 -----
