Description

A beautiful and very well made antique chest of drawers in burr walnut. This was made in England, it dates from around 1900-1910. It is a lovely size and is of amazing quality. The top and drawer fronts have cross banded edges, with inlaid double herringbone borders. There are solid walnut moulded edges top & bottom. This sits on bracket feet, with high quality brass handles and escutcheons. The walnut grain patterns and colours are absolutely stunning. We have had this recently re-polished, the condition is excellent for its age. There is just some old wear and minor marks here and there beneath the polish. This chest has a wonderful colour & is full of character. Width – 27 inches , 69 cm Depth – 18 inches , 46 cm Height – 33 inches , 84 cm
