Description

West Country Creamery Table - Elm & Pine - c1850 This is an unusual long table constructed from Elm with a scrub pine upper. The piece is a dairy bench originally used during the production of cheese and butter. The long, narrow profile creates a very attractive item of furniture. The whole structure is in good order and sturdy. The table is clean and ready to put to use. The images below show a similar Elm bench seat - this is not included with the piece, but is available separately if required. Overall a substantial table that will make a fascinating, functional and decorative addition to any home. This item comes with our 100% satisfaction guarantee.
