Description

A fantastic original William IV period writing table / desk in mahogany. This was made in England, it dates from around the 1830-1840's. The quality is superb and this is of useful proportions, with a generous work space. The inset leather top is hand coloured and gold tooled, this has a polished back so it can be used as a free standing item. The turned mahogany legs are very bold with a lovely octagonal design, terminating in brass casters. The handles are also turned nicely from solid mahogany, the drawers have fine hand cut dovetailed joints. We have had this recently re-polished, the condition is excellent for its age. It has acquired a beautiful patina and colour tone over the years, there are various small marks and indentations beneath the polish here and there, commensurate for age. Width - 42 inches , 107 cm Depth - 29 inches , 73 cm Height - 29 inches , 73 cm Knee height - 22 inches , 56 cm
