Description

A monumental and absolutely stunning antique French table lamp. This would have been made in France around the 1890-1900 period. It is a fantastic size, standing over a meter tall with the shade, and it is of the utmost quality. It is constructed from onyx, with beautiful gilt metal ormolu mounts and absolutely amazing enamelled metal cloisonne plaques. This is really one of the finest antique table lamps you could possibly find. It is in superb condition for its age, the cloisonne has beautiful bright colours and the gilt metal retains a gorgeous lustre. There is one tiny gilt metal fixture missing from the very lower edge, seen in the images this is hardly noticeable and does not affect the structural integrity or use. It is in good working order, we have paired this with a beautiful vintage silk shade that compliments it very well. Width base – 9 inches, 23 cm Width shade – 21 inches, 54 cm Height to socket – 28 inches, 72 cm Height to shade – 41 inches, 104 cm
