## Description

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Vertex. It has a platinum case surrounded by a row of diamonds and then more diamonds to the articulated shoulders, it has approximately 2cts of diamonds, 80 small ones and 4 large principle diamonds. The diamond section with articulated shoulders measures 55mm long. The solid 9ct white gold snake link double strand integral design bracelet compliments the diamonds beautifully and really does make the diamonds sparkle and shine, it is very fluid and simply glides around the wrist. It has a three position safety clasp for added security. As you would expect from Vertex the diamonds are bright, crisp and evenly matched. It is quite stunning with a white dial. A new glass has been fitted and the watch and bracelet professionally cleaned and polished so it is absolutely pristine. The 17 jewel movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. It is fully marked on the case as platinum and the bracelet is hallmarked 9ct gold. It also comes with its original presentation box....
