## Description

This is a superb quality 19th century English country house sofa. Fabulous kidney shape and buttoned details. The sofa is generous size and very comfortable. The legs are all turned beautifully but note the middle leg is a slightly different design meaning it was a slightly later addition. Probably to support the front rail. Doesn't detract from the piece. Measurements Height 78cm Width 182cm Depth 95cm Depth of seat 60cm Height of seat 45cm (On my website) If you would like this sofa upholstered please click yes in the upholstery drop down menu. This would require 12 metres of material. You can supply your own or please browse our collections under the material section. All my armchairs and sofas have been fully restored, springs, legs, padding etc so these will stand the test of time even if used everyday. Price includes UK mainland delivery
