## Description

Very elegant pair of Sheraton style tapered column table lamps, circa 1900 and in good condition, also fully re wired. These are an impressive pair of lamps at their size, but they have an elegance to them being tapered and they also have a box wood string running on all four corners of the columns too. Lovely mellowed mahogany and on square bases. I have added some hidden feet to the bases as I felt they looked better with a very slight raised base. Priced as the pair and the ticket price does include free delivery within mainland UK. The 40cm diameter shades shown are just examples and not included. Measuring: 22 3/4 inches 57.5 cm high to the bulb holder 6 1/4 inches or 16 cm square bases
