Description

A very unusual solid sterling silver case. It is hallmarked for Birmingham 1931 with the makers mark being FHA&H. It has been superbly made being engine turned with internal gilding and a strong sprung hinge. Interestingly it has been made for the London Press Club and presented to a Thomas Saxon Snell - I suspect it was holding a press pass or perhaps a pass to enter the club. It is in superb condition being free from dings splits and repairs, vibrantly gilded inside. It measures approx. 3 inches (7.8cms) long by 1.25 inches (3.2cms) and weighs 40 grams. A superbly designed very interesting piece.
