Width = 17 cm (6.7")

Depth = 17 cm (6.7")

Description

A fine quality late 19thc Imari bulbous vase c1880. The vase has a good height and proportions with a good curvaceous shape. There are two panels inset with prunus tree and a songthrus. The panels are surrounded by typical Imari geometric panels against a seaweed background. The colours and enamels are outstanding using the navy blue, red and gold palette throughout. A handsome example of Imari.
