Description

A lovely example of a small mahogany work table dating from the early to mid 19th Century. It stands on a bulbous turned column with quatrefoil base and scroll feet. It has a single drawer with its original turned knobs and each corner of the table has turned finials below. The drawer has remains of the original blue penny paper lining. The table has a wonderful rich colour and grain and is beautifully finished on all four sides, making it suitable as a centre table or side table. It is in excellent condition for its age and displays well. There are some minor signs of age and use, some small marks and knocks and a small stain on the top but nothing untoward or detrimental. It has been cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers. Please get in touch for an accurate quote to your location.
