Description

Superb pair of original Great Western Railway station chairs, note the unusual form of the rear splat set as the letter W. One chair has a clear GWR burnt branding under the seat the other less clear but with the residue of the branding. Both chairs are in exceptionally good original order of great colour & patina, they would make great desk or feature chairs. A rare find in such good condition, circa 1910. Seat height is 44cm, arm height 73cm.
