Description

As useful as beautiful, the handle of this magnifying glass is made from solid or sterling silver with a decorative panel of glossy antique tortoise shell to the front. The reverse of the handle has a very aristocratic looking and decorative engraved monogram. The silver collar is where the English hallmark can be found for Sheffield 1901 together with the makers mark WY. The magnifier itself is of course new (by Hilkinson), so clean, clear and ready for use with good magnification. Excellent condition, measuring 7 3/8" in length with a glass diameter of 3".
