Description

A beautiful Art Deco glass ladies atomizer bottle dating to the 1930's very much in the style of Karl Palda. The enamel and etched decoration is in superb condition and shows minimal signs of wear. Beautiful enamelling in black and silver, very indicative of the era and a design we know Art Deco and vanity collectors will appreciate. In fantastic condition, there's no chips cracks or damage to the glass, the chrome plating to the atomiser top and collar is still shiny with some pitting but nothing to distract.
