Description

Very decorative French Empire style round marble top table on a gilt brass and bronze effect side table in great condition, circa 1920. The gilt highlights contrasting with the bronze effect beautifully, the rams heads and hoof feet. The Sienna marble top is in good condition and is held in place with the fixed brass acorn finial you can see to the centre....certainly something a bit different and of great quality. Measuring: 28 inches or 71 cm high 16 1/2 inches or 42 cm diameter
