Depth = 6.5 cm (2.6")

Description

This very fine pair of French bronze figures are by the highly acclaimed French sculptor Jean Baptiste Germain (1841- 1910). They depict a European Renaissance period young couple. He was a handsome young scholar holding a book and a pretty young maiden holding a bouquet of flowers. They are both exquisitely modelled with fine detailing and are both in very good original condition with a dark brown patination and are displayed on mounted cut and polished green and white veined marble bases. Both bronzes are clearly signed, J B Germain. Circa 1880 Height 25cm x width 6.5cm x depth 6.5cm
