Description

A beautiful antique drop leaf coffee table or side table in burr walnut. This was made in England, it dates from around the 1930's. It is very well made and is of excellent quality. It is a useful size, and the drop ends can be lifted to extend the surface. There are gorgeous burr walnut grain patterns all over, including the back. There are two useful drawers with brass handles, and this sits on brass hairy paw casters. We have had this recently re-polished to a very high standard, the condition is excellent for its age.
