Description

I often describe these tables as huge but this one is a behemoth ! Its not only 3M long but also deep at nearly 1M which is impossible to find. Lastly the end overhang at 50cm is unheard of. So its French in origin and made from Solid Oak, the top is an incredible 9cm thick and weighs a tonne. The legs also have a really decent amount of Oak and are chunky and heavy, luckily it comes apart for access into the home. Its of fabulous quality construction and will be around for generations to come, we have bleached it fir a lighter look. In excellent original condition for the home. Length 300 cm Depth 96 cm Height 76 cm End overhang 50 cm
