Description

An excellent original antique inlaid satin wood desk with an inset leather top. This was made in England, it dates from around the 1890-1910 period. This is beautifully made and is of amazing quality. The makers stamp 'H. Mawer & Stephenson' is seen inside the middle drawer. The desk has a breakfront design, with gorgeous hand coloured gold tooled leather top. It sits on eight tapered legs which are elegant yet very sturdy. There are original brass casters and intricately designed brass handles. The satin wood has a beautiful silky grain pattern and is nicely inlaid with darker stringing. We have recently had this re-polished to a very high standard, the condition is excellent for its age. There is just some minor wear and various small marks under the polish here and there, commensurate for age. Width – 51 inches, 130 cm Depth – 25 inches , 63 cm Height – 30 inches , 76 cm Knee height – 24 inches , 61 cm Knee width – 19 inches , 48 cm
