Description

An absolutely stunning original Art Deco period free standing cabinet in birds eye maple. This was made in continental Europe, most likely Sweden. It was retailed in Harvey Nichols and has the original label, this dates from the 1920-30's. The quality is outstanding, this is one of the finest examples we have ever come across. It stands on a plinth base and is beautifully finished on all sides, so it can be used as a free standing item. We have had this stripped and re-polished to a very high standard, the condition is superb throughout. We also have the matching pair of bedside cabinets, pair of lamps and cheval mirror that came with this, seen listed under our other items for sale.
