Description

Here are a handsome tall pair of French turned Bobbin stools, which would look wonderful as kitchen stools, or as plant, book or lamp stands. Both have turned seats and fabulous bobbin legs, with a foot bar across the bottom, and are made from a lovely light coloured wood (possibly Beech or Oak), with a lovely smooth finish. They stand 73cm tall, 28cm across the seat and 45cm across each of the end points of the legs. They show the gentle surface wear of items that have been used and loved of this age, but I think display beautifully and would be an elegant addition to any home. Delivery is free of charge to mainland UK, and I can always provide quotes for overseas shipping. Please don't hesitate to get in touch if I can provide any further information or photographs.
